Individual/dual events consist of teams of **1 or more players** but with a time frame of **2-4 weeks**. These events will consist of pool play followed by a tournament. There are caps put on every event. **What is a cap?** This is the amount of teams or players that we allow to sign up for an individual/dual event. In an event where we meet the cap any additional forms that are turned in will be put on a waiting list. If a team or an individual drops out the first team or individual on the waiting list will be substituted in its place (same gender of course). With these events you schedule your own dates & times during pool play. You have a certain amount of time to get your games in. During tournament time you play at the scheduled dates & times.
